THE CARRIAGE SHOPS.

PRICES.

Prices of other vehicles which may be desired will be quoted on application. The aim of the prison shops is not to underbid other manufacturers but to excel them, if possible, in the quality of workmanship and materials used, and thus raise the standard of this class of merchandise in the Philippines. It is believed, however, that the prices charged by these shops do not exceed those of any other reliable factory in the Islands.

REPAIRS.

All class of carriage and wagon repairing will be done on short notice. Only best materials are used.

BUREAU OF PRISONS WARRANTY.

In case of breakage of any part within the period of TWELVE (12) MONTHS from date of sale, if such breakage is by reason of DEFECTIVE MATERIAL or IMPERFECT WORKMANSHIP the damaged part will be repaired or replaced by the shops of the Prison WITHOUT CHARGE.

In no event will this Bureau be liable for any damages over and above replacing, without charge, the broken or damaged parts, it being clearly proven that such break or damage is the result of defective material or faulty work on the part of the workmen in the shops of this Prison.

LACE AND EMBROIDERY DEPARTMENT.

The lace and embroidery department was recently organized with the help of an experienced American instructor. The work is performed by women prisoners and the results so far obtained are very encouraging.

In the short time of the existence of this department the lace and embroidery work turned out by the women prisoners has already made a reputation as some of the best class of work seen in the Islands.

A considerable stock of assorted classes of lace is now on hand for sale at reasonable prices, as well as embroidered handkerchiefs, fronts of baby dresses, waist fronts, hand bags, and so forth.

Attention will be given special orders for any lace or embroidery work desired.

A list of samples can always be seen at the Sales Department.
